

BYPASS VALVE KCG

DESIGNED FOR

- For pressure (gas) release from A-annulus to the tubing of producing wells (ESP, ect);
- For well killing procedure;
- Any other types of operations where applicable;

FEATURIES

- Has got provision to pull ESP cable through;
- Rotating body for ESP cable pulling through convenience;
- One way pressure release (from A-annulus to tubing);
- Multiple actuation;
- Adjustable pressure setting;
- Made of corrosion resistant materials;

SPECIFICATIONS

Description	KCG-M1-112-52-35
Casing ID, mm	118
Valve ID, mm	52
Maximum pressure differential for valve, MPa	35
Temperature rating, C	100*
Valve passage area, mm	14
OD, mm	112
Length, mm	370
Actuation pressure of the valve, MPa	0.2
Weight, kg	10
