

SSSV PBG

DESIGNED FOR

- As a part of packer assembly for easy release (disconnection) of BHA in case of stuck;

FEATURIES

- Hydraulically actuated by applying excessive pressure in tubing;
- Rotation can be passed through valve;
- Adjustable disconnection pressure;
- Improved ID helps to pass most of logging tools through it.
- Made of corrosion resistant materials;

SPECIFICATIONS

| Description | PBG-73-40-35 | PBG-89-50-35 |
|------------------------------|--------------|--------------|
| Minimum casing ID, mm | 79 | 95 |
| Maximum stretching force, kH | 196 | 343 |
| Pressure differential, MPa | 35 | 35 |
| Temperature rating, C | 100 (150) | 100 (150) |
| Disconnection pressure, MPa | 9-36 | 6-36 |
| OD, mm | 73 | 89 |
| ID, mm | 40 | 50 |
| Length, mm | 490 | 535 |
| Weight, kg | 8.5 | 18 |
