

## SSSV PBN

### DESIGNED FOR

- As a part of packer or any other assembly for easy release (disconnection) of BHA in case of stuck;

### FEATURIES

- Mechanically actuated by applying pulling force;
- Rotation can be passed through valve;
- Adjustable disconnection force;
- Improved ID helps to pass most of logging tools through it.
- Made of corrosion resistant materials;

### SPECIFICATIONS

Description	PBN-73	PBN-89	PBN-108
ID of the valve, mm	40	53	62
Minimum casing ID, mm	95	95	114
Temperature rating, C	100*	100*	100*
Pulling force, kH	20-118	29-176	29-176
OD, mm	73	89	108
Length, mm	330	330	360
Weight, kg	6	8	12
